Portfolio: K.Aqsa Portfolio

PROFESSIONAL SUMMARY

Motivated Computer Science student and Information Security enthusiast specializing in building minimal, high-performance web components with native, modular foundations. Proven experience in designing zero-dependency UI architectures that achieve clean layouts, optimized execution, and pristine user experiences.

WORK EXPERIENCE

Frontend Solutions Intern

2026 - Active

Software Architecture & UI Components Division

Developing minimal and robust frontend components. Collaborating on high-efficiency web structures, performance benchmarking, and optimizing modular foundations for production-ready interfaces.

UI/UX Layout Designer

2025 - 2026

Digital Solutions Agency

Crafted clean, high-contrast user interface mockups and modular layout layers. Focused on absolute response accuracy and pristine workspace spacing setups.

EDUCATION

Bachelor in Computer Science

2026 - Present

University of Engineering and Technology (UET)

Focusing on core computing foundations, algorithm performance tracking, automata theory, and low-level system tracking mechanics.

Intermediate in Computer Science (ICS)

2022 - 2024

Punjab Group of Colleges

Graduated with an emphasis on computer mathematics, logic foundations, and foundational structural programming layers.

CORE EXPERTISE

HTML / CSS Layouts 95%

Vanilla JavaScript 90%

Responsive Design 85%
